

Structure and content of the Numerology Toolbox Education

The Numerology Toolbox Education is divided into three steps:

- **Foundation class**
- **Advanced class**
- **Master class**

During the 3 education steps, the student will receive extensive training, supported by both online material and personal sparring with the instructor.

At the end of the education, the student will be able to interpret any person, animal or company, and see weaknesses, strengths, as well as events in the past, present, and future. The student will be able to use his/her knowledge to see and understand their own and other people's destiny and use this knowledge businesswise to hold sessions with clients. At the completion of all 3 courses and a final test, the student will be endorsed and possess the title Numerology Master.

Each education step is building on the current knowledge of the student and consists of a mixture of recorded videos, e-books, and written lessons, all in English. It is not mandatory to take all 3 courses but to advance to the next level, the previous course and a written test must be passed.

The teacher, August Darius Danielsson, will be available for questions weekdays from 10 AM to 5 PM Central European Time, by phone, VoIP (Skype, WhatsApp, Messenger), or email.

The education form is scientific. Everything stated in the teaching is supported by empirical evidence, and will be substantiated throughout the education.

Foundation class

There are no prerequisites to the Foundation class.

At the end of the course, the student will be able to read the destiny and characteristics of any person and look deep into a person, seeing strengths and weaknesses, on anything from health to wealth.

Content

The foundation class is divided into the following modules:

- Introduction
- Base vibrations
- Compound numbers
- Numeroscope
- Characteristics
- Real-life cases
